- **11:30am to 1:00pm: Leaf and Bark Detective**
 - Put on your explorer hat and get ready to investigate the natural world around you! In this week's hands-on outdoor adventure, young detectives will learn how to identify trees by examining their leaves, bark, and other cool clues. Using magnifying glasses, tree ID guides, and their own observation skills, participants will explore different tree species, make bark rubbings, collect leaf samples, and uncover the secrets of nature right in their own backyard. This is perfect for curious minds who love being outside, asking questions, and discovering how the world works-- one tree at a time!

- **1:30pm to 3:30pm: Come Lounge with us**
 - Kick back, be yourself, and hang with friends. This is your spot to chill, play games, listen to music, or just vibe. No pressure, no stress - just a laid back space where you can relax and have fun on Fridays.
